Exhibitor	Booth #	Description	Website
3M	44	As the Canadian leaders in fall protection and personal safety, 3M with DBI-SALA® and Protecta®, help keep everyone safer in a changing world. Across diverse industries and applications, our science and expertise drive solutions that educate people, provide comfort, increase compliance and get workers home safely.	www.3m.ca/safety
Alberta Association for Safety Partnerships and Radiation Health	36	The Alberta Association for Safety Partnerships (AASP) is a non-industry specific health and safety association and certifying partner in Alberta. AASP is an approved designated trainer by Alberta Government. It is our commitment to serving the businesses of Alberta in a quest for zero incidents that has made AASP a successful and respected leader in occupational health and safety.	www.aasp.ca
Alberta Floor Safety Solutions	14	Alberta Floor Safety Solutions makes floors NOT slippery when wet. The process is a chemical treatment which is very mild and treats hard mineral surfaces. It is not a coating, paint, or gloss and therefore will not chip, flake, or peel. All hard mineral surfaces have hard and soft components, the product we use acts on the soft minerals at a microscopic level, leaving behind the hard minerals and an invisible tread pattern that provides your floor with traction. It is invisible and will not change the appearance of the majority of surfaces. It is almost impossible to tell apart treated and untreated tiles. Alberta Floor Safety Solutions also provides Floor Auditing services. If you are worried about the friction on your floors we can send out a trained professional who will use the BOT-3000 tribometer to measure the coefficient of friction on your floor.	www.afssolutions.ca
Alberta Labour & Immigration		Partnerships in Injury Reduction is a voluntary program in which employer and worker representatives work collaboratively with government to build effective health and safety management systems. By improving health and safety, the social and financial costs of workplace injury and illness are reduced. Partnerships in Injury Reduction program awards Certificates of Recognition (CORs) to employers that have developed a health and safety management system and met established standards. CORs are issued by the Alberta government and co-signed by Certifying Partners. Achieving and maintaining a valid COR is required to earn a financial incentive through the WCB's Partnerships in Injury Reduction program.	www.work.alberta.ca/
Alberta Occupational Safety Auditors Association	8	The Alberta Occupational Safety Auditors Association is a volunteer run organization dedicated to the development and professional practice of health and safety auditing. The association is run by volunteers and is a registered non-profit society in Alberta. AOSAA is one of the Partners in Prevention with the government of Alberta.	
Alberta Safety Council		The Alberta Safety Council (ASC) is a provincial, not-for-profit, charitable organization dedicated to "Making Alberta a Safety Place to Live, Work and Play". We achieve our goals and objectives through educational programs offered across the province in the areas of Public Safety, Workplace Health and Safety and Children's Safety.	www.safetycouncil.ab.ca
AMA Fleet Safety Services	54	You know you can trust AMA to deliver top Fleet Safety driving courses – we have a fleet of our own. We totally understand the need to ensure your company's drivers are well trained and safety oriented. Our fleet driver training programs help develop safer drivers, lower your insurance rates, and increase driver productivity. Our programs are fully customizable to what your company needs, where you need it. We also have a full suite of course management tools and reporting options and are happy to work with you to build any custom reporting you need.	https://ama.ab.ca/auto-and-driving/ama-driver-education/fleet-safety
