18th ANNUAL ALBERTA HEALTH & SAFETY CONFERENCE EXHIBITORS

Exhibitor	Booth #	Description	Website
3M	44	As the Canadian leaders in fall protection and personal safety, 3M with DBI-SALA® and Protecta®, help keep everyone safer in a changing world. Across diverse industries and applications, our science and expertise drive solutions that educate people, provide comfort, increase compliance and get workers home safely.	www.3m.ca/safety
AIHA Alberta Local Section	58	AIHA - AB Local Section provides opportunities for networking and professional development amongst the health, safety and environment community within the province of Alberta. The local section also provides an opportunity for outreach and education to promote occupational health and safety and the industrial / occupational hygiene profession.	www.aiha-ab.com/
Alberta Association for Safety Partnerships and Radiation Health	36	The Alberta Association for Safety Partnerships (AASP) is a non-industry specific health and safety association and certifying partner in Alberta. AASP is an approved designated trainer by Alberta Government. It is out commitment to serving the businesses of Alberta in a quest for zero incidents that has made AASP a successful and respected leader in occupational health and safety.	www.aasp.ca
Alberta Construction Safety Association	55	The Alberta Construction Safety Association (ACSA) is your partner in construction safety, and through our training, we work hard to connect a community of safety leaders in the province's construction industry. Over 13,000 people have forged a career as a designated safety leader since we started the NCSO/HSA program and more than 5,000 companies achieved their COR through us. With over 36,000 active members, we are the largest safety association in the province. In partnership with this growing community, we build links and connections with our stakeholders and industry partners, influencing change and instilling a culture of safety. We aim to champion the safety spirit, empowering employees and employers to make workplaces safer and enabling everyone to return home unharmed at the end of each and every working day.	www.youracsa.ca
Alberta Floor Safety Solutions	14	Alberta Floor Safety Solutions makes floors NOT slippery when wet. The process is a chemical treatment which is very mild and treats hard mineral surfaces. It is not a coating, paint, or gloss and therefore will not chip, flake, or peel. All hard mineral surfaces have hard and soft components, the product we use acts on the soft minerals at a microscopic level, leaving behind the hard minerals and an invisible tread pattern that provides your floor with traction. It is invisible and will not change the appearance of the majority of surfaces. It is almost impossible to tell apart treated and untreated tiles. Alberta Floor Safety Solutions also provides Floor Auditing services. If you are worried about the friction on your floors we can send out a trained professional who will use the BOT-3000 tribometer to measure the coefficient of friction on your floor.	www.afssolutions.ca
Alberta Motor Transport Association	31	The AMTA serves as the voice for the Alberta commercial transportation industry. Safety is our key mandate and we offer a wide range of training	www.amta.ca
